OLD NORTH

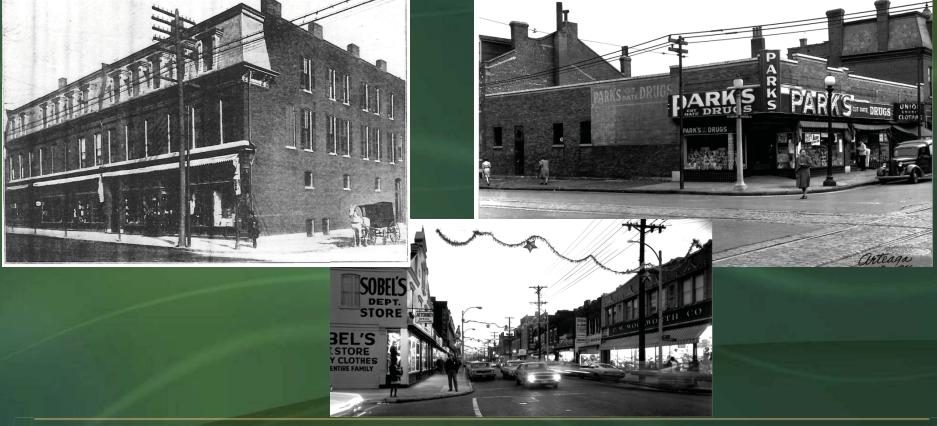

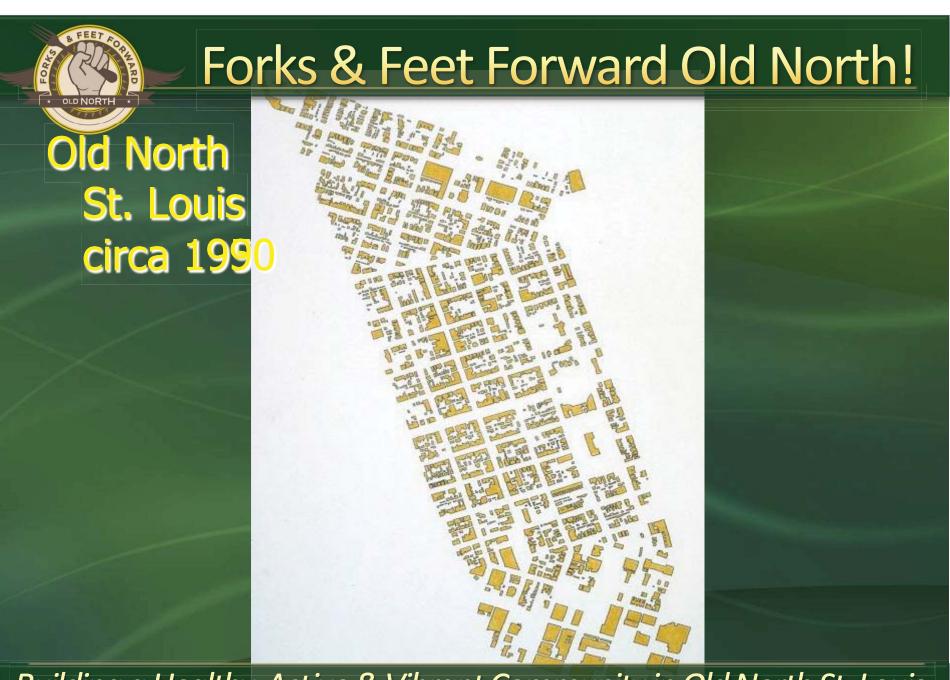

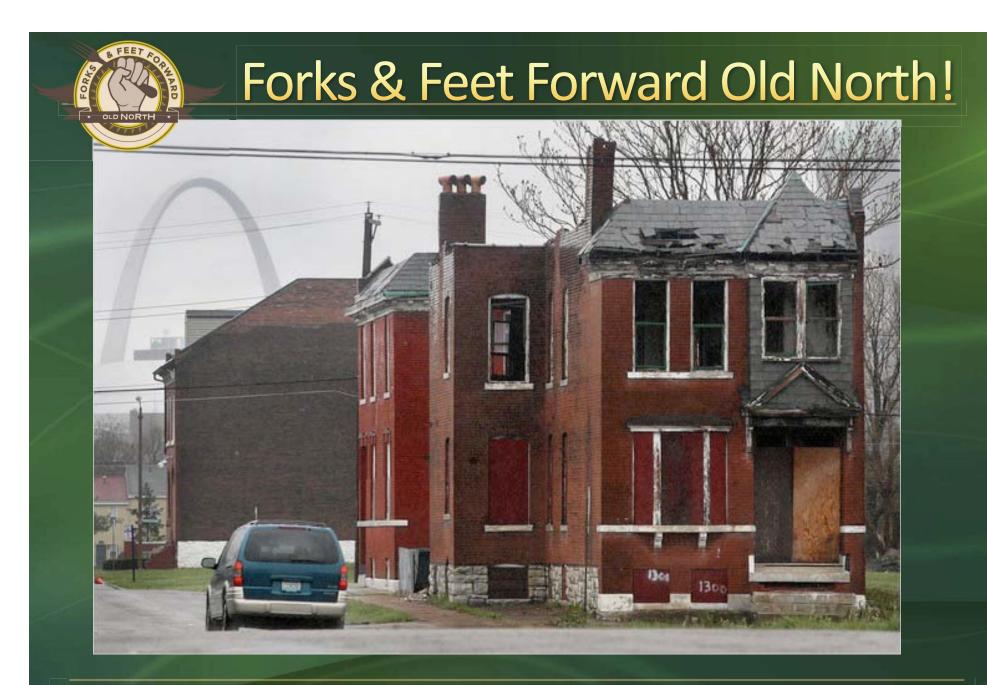

Now a neighborhood within the City of St. Louis, Old North once was the Village of North St. Louis, established in 1816

#### After nearly a century & half as a thriving, walkable & transit-friendly community...

Old North experienced decades of population loss, disinvestment, & an exodus of business & services

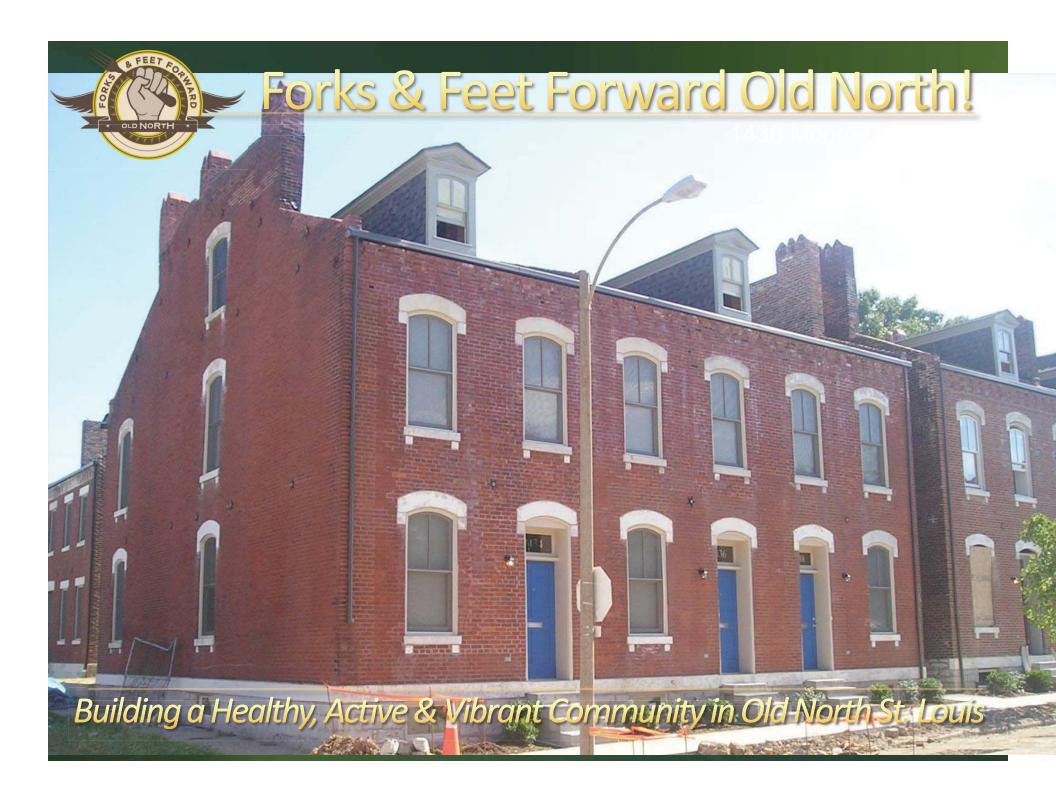

In 1981, residents of the community established the Old North St. Louis **Restoration Group to** "revitalize the physical & social dimensions of Old North in a manner that respects the community's historic, cultural, & urban character"

Over the past 30 years, ONSLRG has implemented a range of community building initiatives, including housing development (both historic rehab & new construction; single-family & multifamily; for-sale & rental; affordable & market rate)...

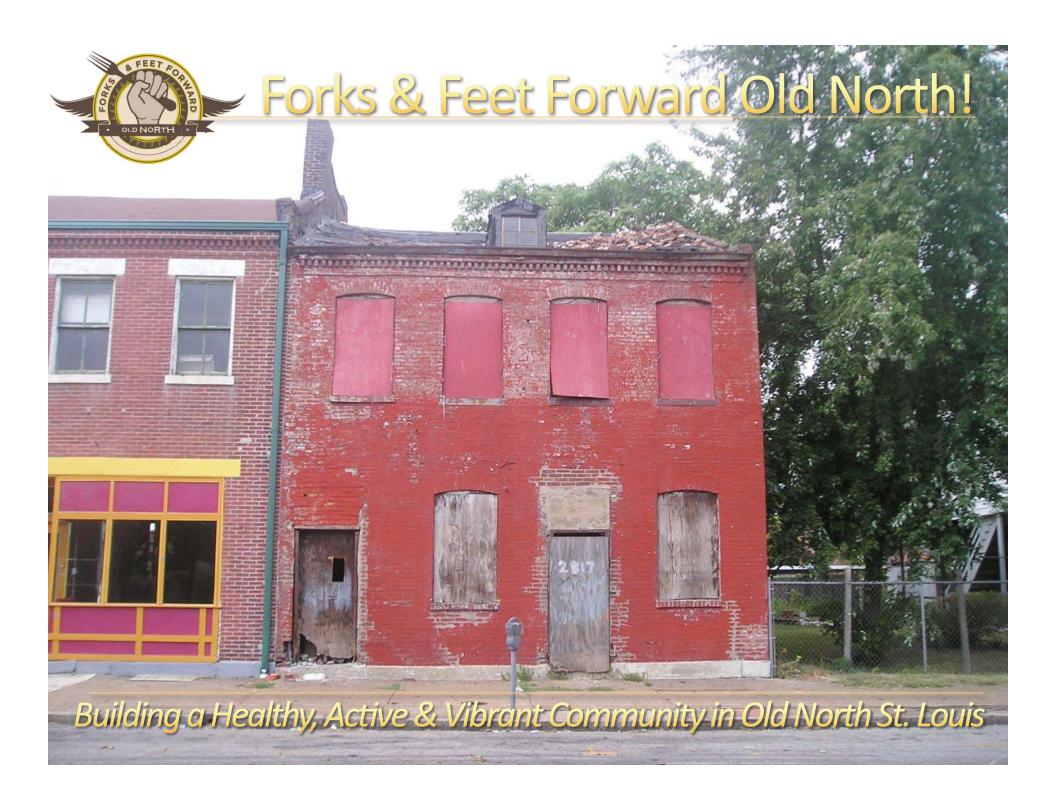

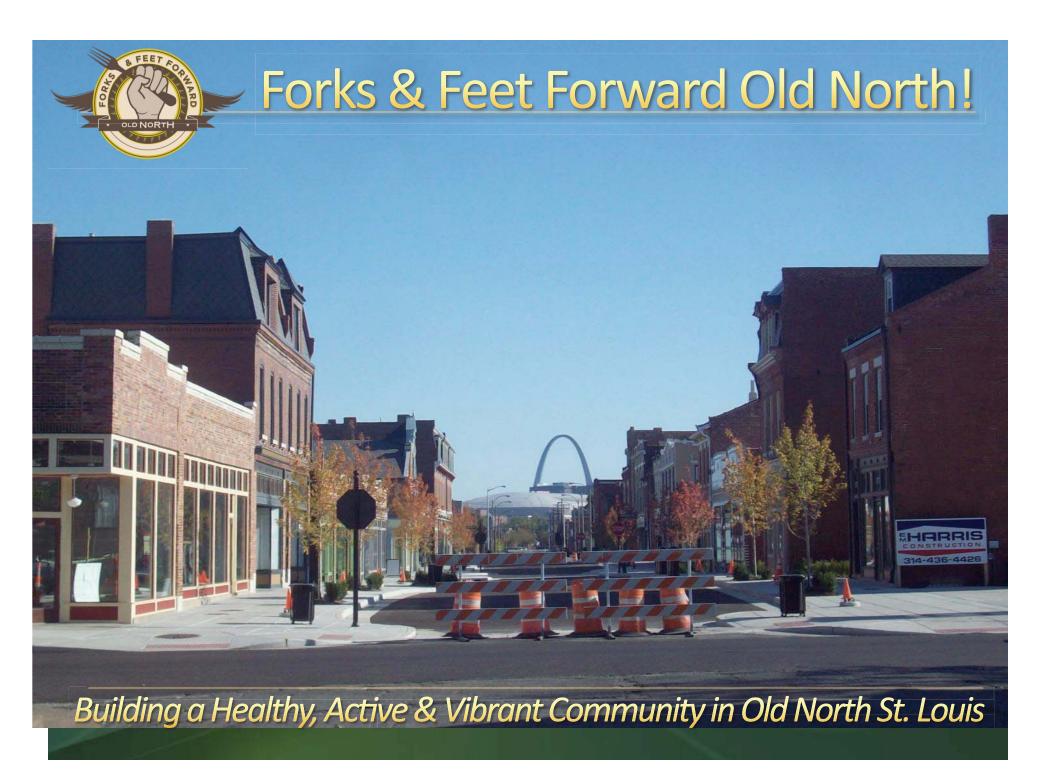

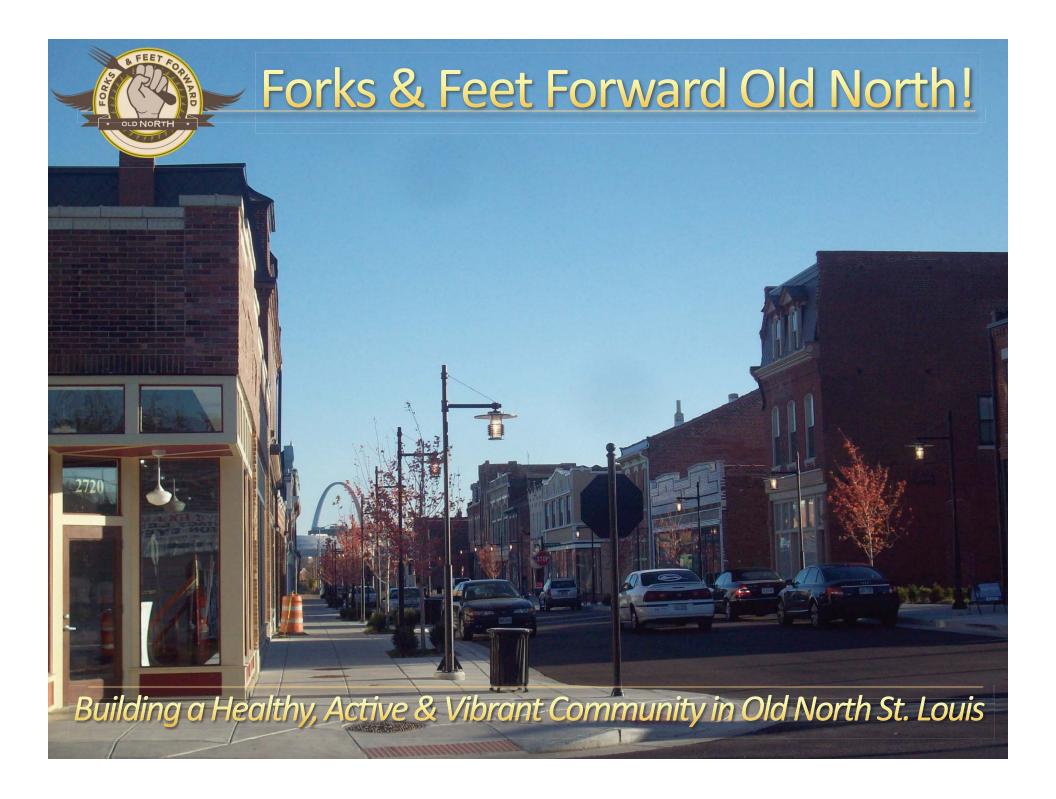

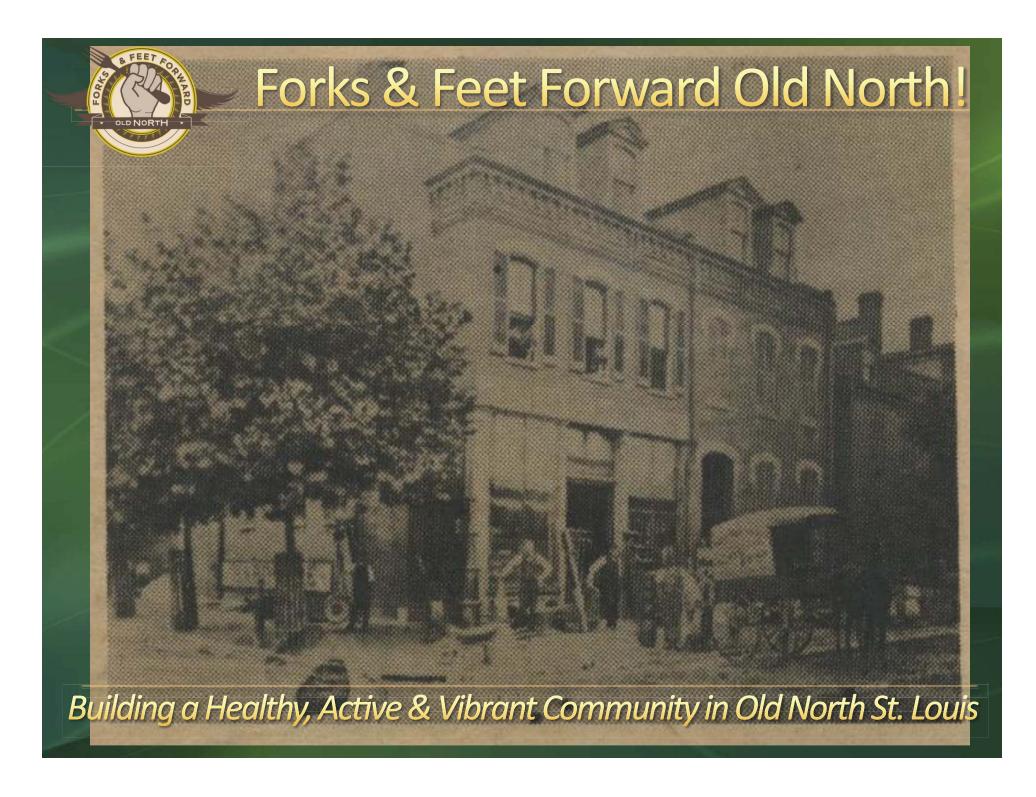

Over the past 30 years, ONSLRG has implemented a range of community building initiatives, including... large-scale redevelopment projects (\$35 million, 27-building redevelopment of former 14<sup>th</sup> St. pedestrian mall)

Old North's **Comprehensive Strategy**  Increase access to healthy & affordable foods Improve infrastructure for physical activity Engage the community in activities that promote healthy lifestyles

ONSLRG has implemented a range of community building initiatives, including... public health programs (community gardens, North City Farmers' Market, Old North Grocery Co-op)...

How the Healthy, Active & Vibrant Communities Initiative has Plugged into & Played a Role in Old North's Revitalization

The central focus revolves around building off of the positive development already under way to ensure that overall community health will be a part of the neighborhood's ongoing transformation....

How the Healthy, Active & Vibrant Communities Initiative has Plugged into & Played a Role in Old North's Revitalization

A cool neighborhood with a growing population & an increasing number of goods & services within walking distance is a great start, but safe and walkable sidewalks and streets are necessary to sustain it.

How the Healthy, Active & Vibrant Communities Initiative has Plugged into & Played a Role in Old North's Revitalization

A major piece involves the development of a Bicycle & Pedestrian Master Plan for the neighborhood, made possible because of support from 5<sup>th</sup> Ward Alderwoman April Ford Griffin, who secured city funding to cover some of the costs

#### Improve infrastructure for physical activity : Bicycle and Pedestrian Master Plan

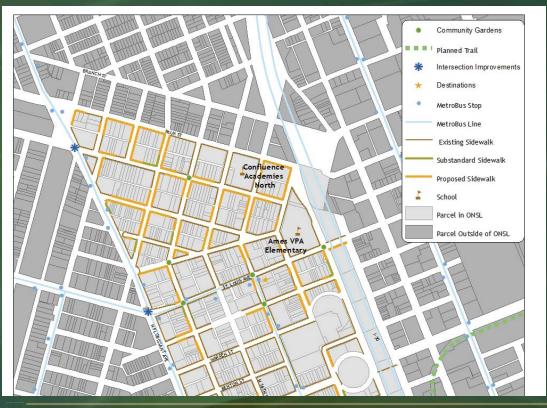

The plan - enhance bicycle and pedestrian facilities in Old North, including connections to surrounding neighborhoods Building a Healthy, Active & Vibrant Community in Old North St. Louis

#### Bicycle and Pedestrian Master Plan

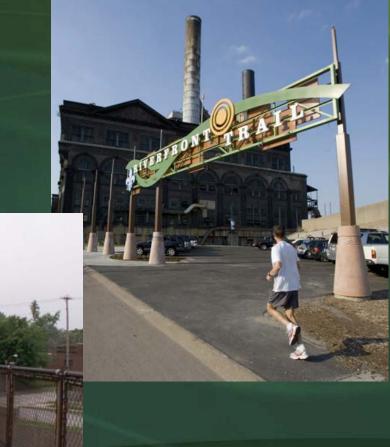

#### Forks & Feet Forward Old North! Improve connections to the Riverfront Trail

#### Just getting started: Branch Street Rendering Project

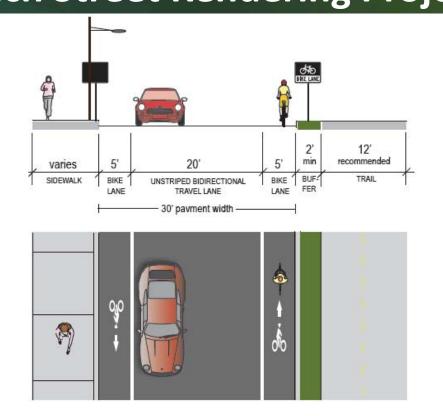

We also will be envisioning ways to enhance Branch Street as a connector from Old North to the river.

Improved landscaping and enhancements for biking and walking have already been identified as important elements

#### Increase access to healthy & affordable foods: Clay Elementary School Garden

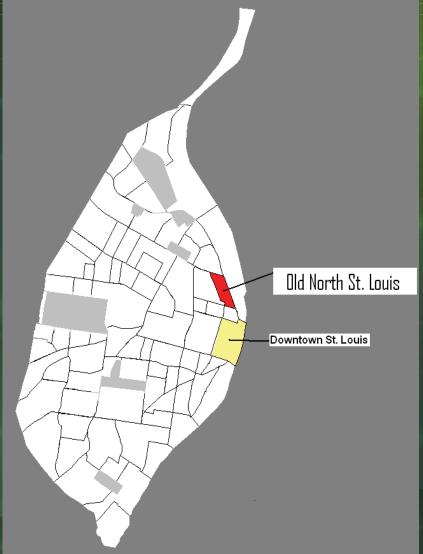

For the past year we have worked with science teacher Debbie Granger and Clay staff to get their school garden up and running.

# Engage the community in activities that promote healthy lifestyles: Walking groups

We have just begun piloting walking groups that walk twice a week throughout the neighborhood

CHALLENGES: Old North is just 1 of 79 neighborhoods in the City of St. Louis... -getting attention of and commitment of & resources from city *government* isn't always easy

CHALLENGES: As the local partner, ONSLRG is a small CDC with a lot of other things on our plate

#### CHALLENGES: Staff turnover at ONSLRG -

CHALLENGES: *The biggest challenge* -So much going on and not enough people to go around... active residents already doing a lot
