Come and experience the "Living Preview" for yourself: a life-sized, temporary installation to show the proposed changes to the streets around Elm Playlot, a small city park and children's playground located in the heart of Richmond's Iron Triangle neighborhood.

Funded by a grant from Caltrans, our goal is to design street improvements that will a) slow cars down and b) create a network of child and family-friendly streets that encourage people to walk and ride a bike (instead of using a car) to get to key destinations in the Iron Triangle neighborhood.

We encourage you to come to the Living Preview, test a sample route (in 3-D!), and let us know what you think. We want to incorporate your feedback into our final design. See you there!
