IPI OVERVIEW
Purpose, Capabilities, Impact, and Priorities
HUD established an International Affairs office 22 years ago as a diplomatic liaison for international counterparts.

Seven years ago, Philanthropic Innovation was added to ensure the office partnered internationally and domestically to foster strategic global relationships that could generate resources, knowledge, and partnerships directly benefiting HUD’s mission and core goals.
IPI is the connective fiber and broker between philanthropic and international partners and HUD program offices and communities we serve.

Partnering across borders and across sectors
PARTNERSHIPS AT HUD

What? Work together to broaden the reach of HUD investments and share resources to support common goals.

Why? Provide the capacity and resources to achieve what may not otherwise be achieved.

How? Philanthropic and international partners can serve a number of roles—thought partners, policy influencers, conveners, funders, or researchers.
