Progetto di Mappatura di Comunità

HOW?

Produce "papers" more difficult for local politicians to ignore

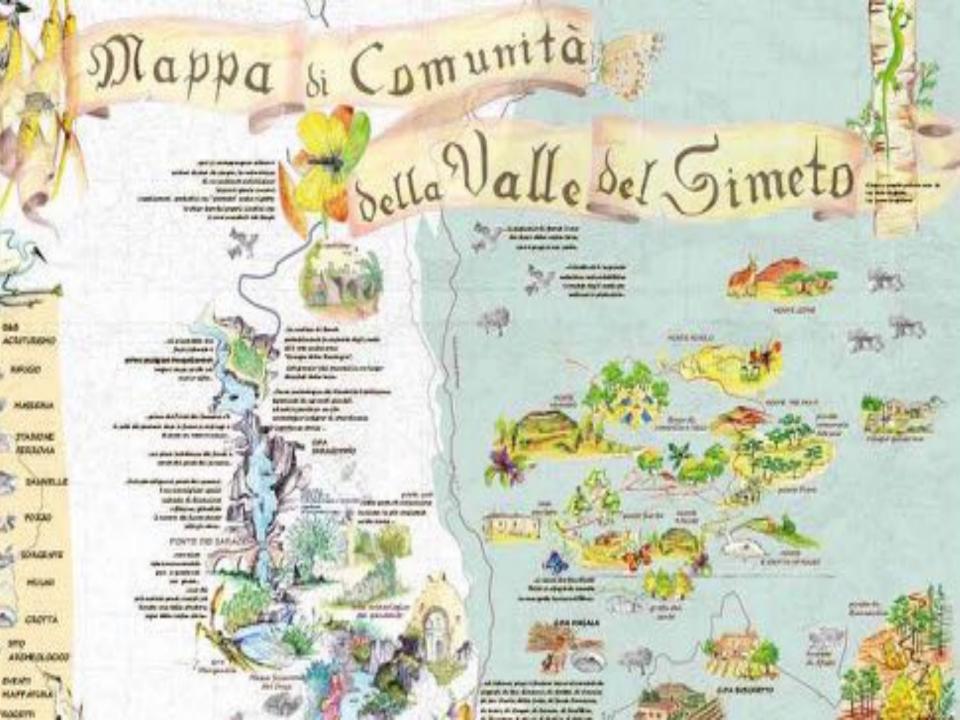

Final product: much more than a simple map The follow-up projects are identified as part of something bigger Create a portfolio of community projects ready to be funded by EU (with and without institutional partnerships)

Community Mapping Initiative

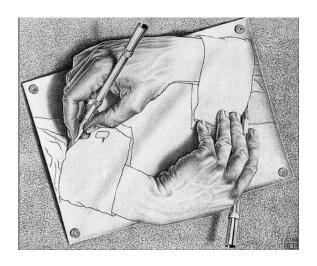

Enlarge the base supporting the partnership

Help the community know and then love their place

Community mapping = educational campaign Networking and involving other association in the steering committee of the initiative

The Design Contribution

Landscape Architecture

Community Design

- ✓ Implementing pilot projects included in the community map
- ✓ Expand possibilities for local firms and designers
- ✓ Make it "happen"!

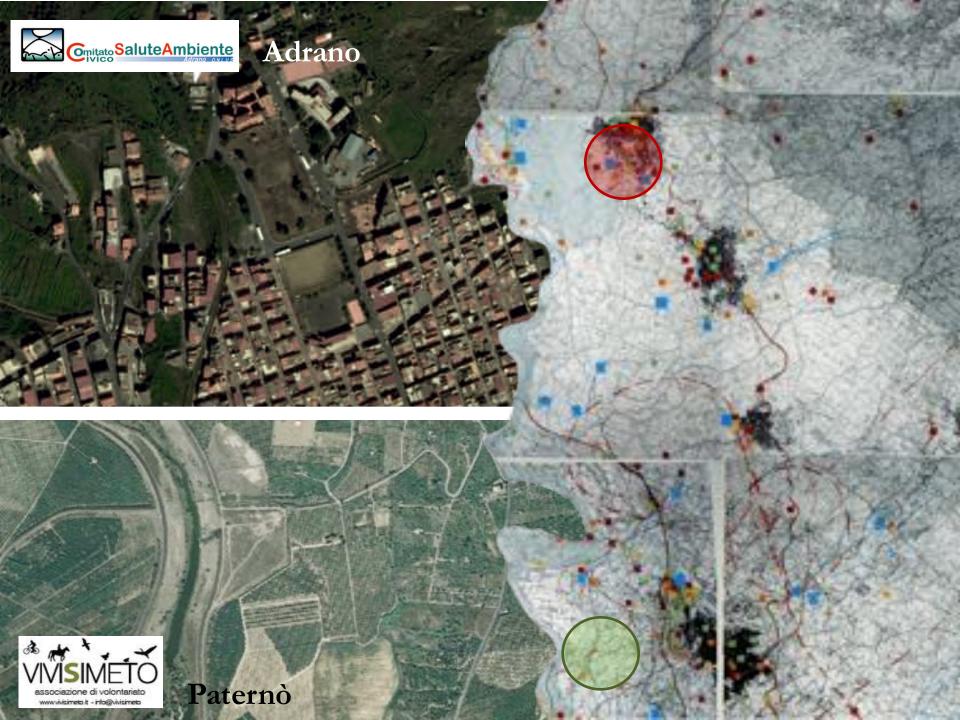

COMMUNITY/UNIVERSITY PARTNERSHIP

LONG-TERM RECIPROCITY

The Community Design Experience in "contrada Nicoló", Paternò

Co-creation of design proposal for a riparian garden

Final draft of the design

Inspired by a NEW model of "development"
