

Protected Bike Lane Pop-up

WEDNESDAY, FEBRUARY 1 | 8:00 AM-3:00 PM

PINE STREET, BETWEEN 7TH & 9TH | DOWNTOWN ST. LOUIS

Check out the free "D.I.Y. Great Cities" workshop in the afternoon. See next page for more details.

Try out a protected bike lane in your neighborhood

This pop-up bike lane demonstration will help St. Louis residents and city officials learn more about the potential benefits of a permanent protected bike lane in this location. As the City of St. Louis starts a Downtown Transportation Plan, the pop-up lane will demonstrate how to improve safety and bikeability in St. Louis!

Take advantage of this "hands on" learning opportunity

Show up early, roll up your sleeves, and join us in installing this dynamic pop-up!

This community event is one component of the technical assistance being provided to the region via the New Partners for Smart Growth Conference (Feb. 2-4). Join local and national experts, conference participants from around the country, and your neighbors and local leaders for this exciting experiment.

The pop-up is three blocks south of the Marriott St. Louis Grand Hotel. From the front door of the hotel, turn right and walk south on 8th Street until you see the pop-up.

New Partners attendees – Come a day early!

Plan B (in case of bad weather)

In case of inclement weather the morning of February 1, a smaller-scale version of the protected bike lane pop-up will be installed in a meeting room **inside** the hotel.

16th Annual

New Partners
for Smart Growth
Conference

presented by
Local Government Commission
Leaders for Livable Communities

sponsored in part by

D.I.Y. Great Cities

WEDNESDAY, FEBRUARY 1 | 1:00-6:00 PM

MARRIOTT ST. LOUIS GRAND HOTEL | LANDMARK 5 ROOM | ST. LOUIS, MO

FREE Implementation Workshop

“What to Do, Why Do It and How to Get It Done”

Does your street or neighborhood need a pick-me-up?

Are you looking to make your community more engaging and accessible, or to implement smart-growth strategies?

Are you looking for ways to engage youth or encourage more public art?

Do you want to do it all without spending big bucks?

For more details about the conference and to register:
NewPartners.org

This free workshop, sponsored and hosted by the Local Government Commission, is **open to the public** as well as New Partners Conference attendees. This event will complement placemaking and tactical-urbanism demonstrations and local youth empowerment activities taking place before, during and after the 16th annual New Partners for Smart Growth Conference in St. Louis (February 2-4). **No need to register – just show up at least 30 minutes early to get checked-in and get your seat!**

Workshop leaders include **local and national placemaking and smart-growth experts**, as well as community leaders showcasing exciting projects from the St. Louis area.

Creative placemaking and “tactical urbanism” projects are sweeping St. Louis and the nation, helping cities and neighborhoods to make high-impact improvements to address a variety of challenges. **This half-day workshop will give you the tools and ideas to spark a DIY community resurgence.**

Join us to learn how community art, pop-up design, crowdfunding, youth engagement and other elements can help you quickly identify local challenges and implement innovative solutions that aren’t expensive yet can have a big impact.

Workshop sessions will cover cutting-edge tools and concepts:

- ▲ Crowdfunding for community empowerment
- ▲ Pop-up events and demonstrations
- ▲ Activate your local youth to implement smart growth
- ▲ Integrating arts into neighborhood placemaking
- ▲ Street safety and signage
